

# HEAVY METALS in SOIL

## Analytical Laboratories Servicing Oregon

The following is a list of analytical laboratories that provide soil analyses for heavy metals (ie: arsenic, cadmium) and service Oregon. This list should be used for informational purposes only and is not intended to be an endorsement by the Oregon Health Authority of any laboratory. Prices may vary. These may not be the only laboratories.

For a comprehensive list of laboratories serving Oregon for soil, water, plant tissue, and feed analysis, please reference the [OSU Extension Service website](http://catalog.extension.oregonstate.edu) (*catalog.extension.oregonstate.edu, EM 8677*).
